

1338

Cuncan: Cal

In the merchant town of Siena
the painter Ambrogio Lorenzetti
(1290-1348) illustrated the near
immediacy in a 1338 painting
hanging in this trading city's
town hall. Temperantia, the goddess
of temperance, was holding an hour
glass. Death was also there, underlining
the need to make the most of

During which there was still some
1348 from the died of the plague
when the Black Death swept
through to us in 1348

1338 - 1339

The Nestorian sect (Christ had 2 natures) spread the plague by traveling the new routes between Europe and Asia. Some of these wanderers caught the plague in Outer Mongolia.

The Black Death ravaged the European continent for the next 60 yrs.
